(b) Against the target of covering 2,224 villages in the State during the year 2000-2001, 1,264 villages were provided with telecom facility. Out of remaining 7,894 uncovered villages in the State, 3,947 villages are planned to be covered by satellite terminals whereas remaining villages are planned to be covered by WLL technology and land-lines from the nearest exchanges. It is plan to cover all the remaining villages of Uttaranchal State by the end of the year 2002 subject to the availability of funds.

Receipt of Anthrax Letter

†460. SHRI P. K. MAHESHWARI: Will the Minister of COMMUNICATIONS be pleased to state :(a) whether various State Governments of the country and many persons including many Ministers of Central and State Governments have received letters envelopes packets containing anthrax powder;

(b) if so, the details thereof, State-wise; and

(c) the details of the action taken by Government to stop this tendency and what concrete steps have been taken against the culprits to check such incidents ?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS (SHRI TAPAN SIKDAR) :

(a) As far as the information available with the Minisry of Communiations is concerned, there is no case of the letter/envelope/packet containing anthrax powder received or delivered.

(b) Question does not arise.

(c) So far there is no confirmed case of letters containing Anthrax. So the question of action against the guilty does not arise.

Sanchar Kranti

†461. SHRI RAJIV RANJAN SINGH 'LALAN':
SHRI KAPIL SIBAL:

Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether cellular telepone service has been started after declaration of the Sanchar Kranti in the country;

†Original notice of the question was received in Hindi.

(b) if so, the number of subscribers by the end of the September, 2001 in the country, who are using cellular telephone service; and

Replacement of existing telephone technology in Villages

†462. SHRI KAPIL SIBAL:
SHRI RAJIV RANJAN SINGH 'LALAN':

Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether it is a fact that Government have taken a decision during the last few years to replace the existing telephone technology in the villages in order to streamline functioning of telephones;

(b) if so, the number of villages required to be provided with the new technology;

(c) the number of villages already provided with this technology upto September 2001; and

(d) by when, the remaining villages are targeted to be covered?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS (SHRI TAPAN SIKDAR): (a) It has been decided to replace the faulty Village Public Telephones (VPTs) in the country, working on MARR System, by new technology VPTs in a phased manner.

(b) In all about 2.11 lakh such VPTs are proposed to be replaced.

(c) Upto September 2001, no replacement has been done.

(d) These are proposed to be replaced in a phased manner over a period of two years *i.e.* by the year 2003 subject to availability of funds.

†Original notice of the question was received in Hindi.
